Index of Subjects

Amino acids, of *Diclidophora merlangi* and its host, 39
Ancylostoma tubaeforme, skin penetration by the larvae of, 25
Antibody-enzyme bridge technique, used to study the immunity of mice to schistosomes, 67
Anticoccidial drugs, laboratory studies on, 203
Lerbek, 377
Artificial feeding, of *Boophilus microplus* through cattle skin, 243

Beauveria bassiana, pathogenicity of, for larvae of the gypsy moth, 341
Behaviour, of cercariae of *Transversotrema patialensis* during attachment to the host, 311
Biological control, of the gypsy moth by parasitization of the larvae with an entomogenous fungus, 341
Biomphalaria glabrata, susceptibility of, to *Schistosoma mansoni*, 231
Bionomics, of *Pseudolynchia canariensis*, 195
Blood parasites, of Brazilian lizards, 119
Boophilus microplus, artificial feeding of, 243

Cell/antiserum co-operation, in the immunity of mice to *Nippostrongylus brasiliensis*, 11
Cellular encapsulation, of *Drosophila algonquin* larvae, 189
similarities to humoral encapsulation, 77
Cercarial infection process, by an ectoparasitic digenean of its fish host, 311
Cestodes, lethal effect of mebendazole on larval stages of, 203
Chironomus, encapsulation of larvae in insects, 77
Cinematographic recording, of skin penetration by *Ancylostoma tubaeforme* larvae, 25
Cross-immunity, between three species of avian trypanosomes, 181
Culture medium, as an artificial food for *Boophilus microplus*, 243
Cytology, of microgametogenesis in *Plasmodium yoelii nigeriensis*, 53

Defecation, cellular, in haematin cell of *Diclidophora merlangi*, 331
mechanism of, in *Heterakis gallinarum*, 389
Development, of *Eimeria acervulina* in the chicken intestine, 223
Diclidophora merlangi, amino acids of, 39
intracellular digestion and cellular defecation in the haematin cell of, 331
Dictyocotyle coeliaca, hatching pattern of, 87
Diplocystis schneideri, ultrastructure of the surface of, 385
Drosophila algonquin, cellular immune reactions of larvae of, 189
Drug studies, effect of Lerbek on chicken coccidiosis, 377
laboratory studies on anticoccidials, 203
lethal effect of mebendazole on larval cestodes, 273
robenidine-resistance in *Eimeria maxima*, 47

Eggs, of *Dictyocotyle coeliaca*, hatching pattern of, 87
Eimeria acervulina, effect on infections of previous infection with *Eimeria maxima*, 263
fine structure of and development of, in chickens, 223
Eimeria maxima, effect on infections of previous infection with *Eimeria acervulina*, 263
robenidine-resistance in, 47
Eimeria spp., toxicity of recent anticoccidials for, 203
Eimeria tenella, effect of Lerbek on, in infections in the chick, 377
Encapsulation, and melanization of *Drosophila algonquin* larvae, 189
humoral, in insects, 77
Environmental factors, affecting development of *Pseudolynchia canariensis*, 195
Experimental infections, of *Porthetria dispar* with *Beauveria bassiana*, 341
of *Tetrameres mohtedai* in the fowl and a lepidopteran, 143
of *Theileria parva* in cattle, 195
Expulsion, immune, of *Trichuris muris* from mice, 397

Genetics, of host susceptibility to *Schistosoma mansoni*, 231
of *Plasmodium chabaudi*, 19

Haemocytes, in encapsulation of *Drosophila algonquin* larvae, 189
Hatching, of larvae of *Nematodirus battus*, 157
pattern of, for *Dictyocotyle coeliaca*, 87
Heterakis gallinarum, structure and function of intestinal-cloacal junction, 389
transmission of *Parahistomonas wenrichi* by ova of, 407
Histology, of intestinal *Trichostrongylus colubriformis* infection in sheep, 165
Host defence mechanism, evasion of, by *Diplocystis schneideri*, 389
Host–parasite relationship, effects of *Trichostrongylus colubriformis* on sheep, 1
seasonal variation of the rabbit flea, 103
Humoral encapsulation, in Diptera, 77

Immunity, acquired resistance of mice to *Schistosoma mansoni*, 347
immune expulsion of *Trichuris muris* from mice, 397
of birds to *Trypanosoma* spp., 181
of mice to *Nippostrongylus brasiliensis*, 11
Immunocytochemistry, of young *Schistosoma mansoni* in mice, 67
Immunoglobulin response, to *Theileria parva* in cattle, 95
Infectivity, of cercariae of *Transversotrema patialensis*, dependence on age, 295
Interferometry, used to measure water content of larvae, 157
Intestinal mucosa, of sheep, effect of *Trichostrongylus colubriformis* on, 1, 165, 173
Intestinal-cloacal junction, structure of in *Heterakis gallinarum*, 389
Intracellular digestion, in haematin cell of *Diclidophora merlangi*, 331

Kinetics, of microgametogenesis of *Plasmodium yoelii nigeriensis*, 53

Lerbek, for the prevention of chicken coccidiosis, 377
Life-cycle stages, cestode larvae, lethal effect of mebendazole on, 273
microgametogenesis and fertilization in *Plasmodium yoelii nigeriensis*, 53
of *Eimeria acervulina* in chicken intestine, 223
of *Tetrameres mohtedai* in experimental infections, 143
Liver vitamin A levels, effect of *Trichostrongylus colubriformis* on, in sheep, 1

Mebendazole, lethal effect of, on larval cestodes, 273
Membrane, for artificial feeding of *Boophilus microplus*, 243
Metabolism, of amino acids in *Diclidophora merlangi*, 39
Mixed infections, of avian trypanosomes, 181
of *Eimeria* spp., effect on oocyst production, 263
Moisture stress, effect on hatching of *Nematodirus battus* larvae, 149
Morphology, of trypanosomes in lymph and blood of rats, 255

NADH-tetrazolium reductase test, on trypanosomes in rats, 255
Nematodes, a new genus and two new species of parasites from Puerto Rican tree frogs, 287
Nematodirus battus, effect of moisture stress on hatching larvae, 149
water content of larvae during hatching, 157
New genus, *Nudiclavella*, from deep-sea fish off the Galápagos Islands, 359
Poekilostrongylus, from Puerto Rican tree frogs, 287
New species, *Neobranchia maxima*, sp.nov., from deep-sea fish off the Galápagos Islands, 359
Nudiclavella galapagoense, gen.nov., sp.nov., from deep sea fish off the Galápagos Islands, 359
Poekilostrongylus puertoricensis, gen.nov., sp.nov., from *Eleutherodactylus coqui*, 287
Thelandros (*Parathelandros*) *garciai*, sp.nov., from *Eleutherodactylus antillensis* and *E. portoricensis*, 287
Nippostrongylus brasiliensis, immunology of worm expulsion, 11

Oocyst production, in *Eimeria* spp., after infection with heterologous spp., 263
Osmoregulation, of *Diclidophora merlangi*, 39

Osmotic pressure, effect on hatching of *Nematodirus battus* larvae, 149

Parahistomonas wenrichi, transmission of, by *Heterakis gallinarum*, ova, 407
Passive transfer, of acquired resistance to *Schistosoma mansoni* in mice, 347
Pathology, of *Trichostrongylus colubriformis* infections in sheep, 165, 173
Penetration, of skin by *Ancylostoma tubaeforme* larvae, 25
Periplaneta americana, mechanism of defence against *Diplocystis schneideri*, 385
Photoperiodism, affecting development of *Pseudolynchia canariensis*, 195
Plasmodium chabaudi, genetic studies on, 19
Plasmodium yoelii nigeriensis, microgametogenesis and fertilization in, 53
Plica umbra, blood parasites of, 119
Population studies, seasonal variation of fleas on wild rabbits, 103
survival characteristics of cercariae of *Transversotrema patialensis*, 295
Porthetria dispar, parasitization of larvae of, with an entomogenous fungus, 341
Pseudolynchia canariensis, bionomics of, 195
Pyrimethamine resistance, an enzyme marker in *Plasmodium chabaudi*, 19

Recombination, between enzyme markers in *Plasmodium chabaudi*, 19
Resistance, acquired, to *Schistosoma mansoni*, passive transfer of, 347
Rhythm, of hatching of *Dictyocotyle coeliaca*, 87
Robenidine-resistance, in *Eimeria maxima*, 47

Sauria, blood parasites of, 119
Schistosoma mansoni, acquisition of host antigens by, 67
genetic factors in host susceptibility to, 231
passive transfer of acquired resistance to, 347
Setomorpha rutella, as an experimental host for *Tetrameres mohtedai*, 143
Skin penetration, by larvae of *Ancylostoma tubaeforme*, 25
Spilopsyllus cuniculi, seasonal variation of, 103
Survival characteristics, of cercariae of *Transversotrema patialensis*, 295
Susceptibility, genetics of, in host, to *Schistosoma mansoni*, 231

Tetrameres mohtedai, experimental infections of in the fowl and a lepidopteran, 143
Theileria parva, specific immunoglobulin to, in cattle, 95
Toxicity, of recent anticoccidial drugs, 203
Transovarial transmission rate, of *Parahistomonas wenrichi*, 407
Transversotrema patialensis, attachment of cercariae to fish host, 311
survival characteristics of cercarial population of, 295
Trichostrongylus colubriformis, effect on sheep, 1
intestinal pathology of infections in sheep, 165, 173
Trichuris muris, mechanism of immune expulsion of, from mice, 397
Trypanosoma brucei, morphology of, in rats, 255
Trypanosoma congolense, morphology of, in rats, 255
Trypanosoma spp., avian, studies on immunity with, 181
Ultrastructure, of arm processes of cercariae of *Transversotrema patialensis*, 311
of cellular digestion in the haematin cell of *Diclidophora merlangi*, 331
of developmental stages of *Eimeria acervulina*, 223
of intestinal-cloacal junction of *Heterakis gallinarum*, 389
of surface of *Diplocystis schneideri*, 385
of surface tegument of schistosomula of *Schistosoma mansoni* treated with antibody, 67

Uranoscodon superciliosa, blood parasites of, 119

Vascular permeability, of mucosa in sheep infected with *Trichostrongylus colubriformis*, 1
Vertical transmission rate, of *Parahistomonas wenrichi*, 407
Villous atrophy, in sheep during infection with *Trichostrongylus colubriformis*, 1

Water content, of hatching larvae, of *Nematodirus battus*, 157
Worm expulsion, of *Nippostrongylus brasiliensis* in mice, 11
